## **PROGRAM**

### **Speaker from Supermove Speaking about Artificial Intelligence**

This will be a very exciting meeting. We will have some guest speakers from Supermove who will give a live presentation. In this session, they will dive into something that's reshaping the world right now—artificial intelligence. AI is no longer a “someday” tool; it's here, and the companies that start leveraging it today will distinguish themselves tomorrow. We'll explore practical ways you can apply AI to your business—from reducing busywork to improving customer service—so you can see immediate results. They will also introduce the Supermove Voice Agent, our AI-powered assistant built specifically for movers. Imagine having a team member who never sleeps, never misses a call, and helps book jobs around the clock—freeing up your staff to focus on what they do best.
